Summary

I am a passionate Computer Engineer and Full Stack Web Developer with a strong foundation in both hardware and software aspects of technology. With a keen interest in crafting innovative web solutions, I thrive in the dynamic and ever-evolving world of programming.

My journey in the field of computer engineering began during my diploma studies, where I developed a deep understanding of computer systems, programming languages, and algorithms. Building upon this knowledge, I pursued my Bachelor's degree in Computer Engineering, where I delved deeper into web development, honing my skills in HTML, CSS, JavaScript, PHP, and React.

As a Full Stack Web Developer, I possess a comprehensive skill set that allows me to seamlessly work on both front-end and back-end development. From designing captivating user interfaces to implementing robust server-side logic, I have hands-on experience in building scalable and user-friendly web applications.

Driven by a desire to stay up-to-date with the latest technologies and industry trends, I am constantly expanding my knowledge through continuous learning and exploring new frameworks and tools. I thrive in collaborative environments, where I can leverage my communication and problem-solving skills to contribute to the success of a team.

I am now seeking opportunities that allow me to utilize my skills and passion for web development to create impactful digital experiences. If you are looking for a dedicated and versatile Full Stack Web Developer, let's connect and explore how we can work together to bring innovative ideas to life.

Experience

CodeClause

Web Developer

February 2023 - May 2023 (4 months)

Pune, Maharashtra, India

During my internship at CodeClause, a web development company based in Pune, I gained valuable hands-on experience in server-side logic and web development. Working with a talented team, I had the opportunity to implement server-side logic using PHP, ensuring efficient data processing and seamless database interactions.

Throughout the internship, I actively contributed to various projects, leveraging my skills in HTML, CSS, JavaScript, and PHP. I collaborated with senior developers to design and develop web applications that met client requirements and enhanced user experiences. Additionally, I played a key role in troubleshooting and debugging code, ensuring the smooth functioning of websites.

The internship at CodeClause provided me with a deep understanding of web development principles and best practices. It sharpened my problem-solving skills and taught me the importance of efficient code implementation. I am grateful for the opportunity to learn and grow in a professional environment, and I am eager to apply my newfound knowledge and skills to future endeavors in the field of web development.

Education

Savitribai Phule Pune University

Bachelor of Engineering - BE, Computer Engineering · (2021)

Cusrow Wadia Institute Of Technology

Diploma of Education, Computer Engineering · (August 2018 - August 2021)

Shri Shivaji Preparatory Military School

SSC · (June 2008 - June 2018)
